### LOCAL MATTERS

#### Tucson Postal Directory.

Mails West—Depart at 2 1/2 p. m. Mondays and Thursdays; arrive Sundays and Thursdays.  
Mails East—Depart Mondays and Thursdays at 4 p. m.; arrive Mondays and Thursdays.  
Mails North—Depart at 4 p. m. on Mondays; arrive Saturdays.  
Mails for Tubac and Sonora—Depart Mondays at 8 a. m.; arrive Wednesdays.

APPOINTMENT.—Gov. Safford has appointed Edward G. Fisher to be Notary Public at Camp McDowell, in Yavapai county.

JUSTICE'S COURT.—Justice Meyers had one or two civil cases during the week. In that of Duffey vs. Duffield—suit for \$100 fee and costs—judgment for plaintiff.

ACROBATIC ACCIDENT.—A Mexican acrobatic troupe tried to exhibit in a corral up town last week, but one of them came near breaking his neck—ending the show.

SHOT.—The only thing to mar Christmas in Tucson, and that not seriously, we guess, was a shooting scrape on 'the night before,' at a fandango. An American shot a Mexican, but farther we know not.

VACATION.—The Sisters's School will resume session on Monday, after a recess of a week to allow the pupils a good holiday. The interest in that school is constantly increasing, as it should, for there was nothing more needed in the country.

IN our account of Lt. Cushing's scout, in the direction of Turnbull Mt., no mention was made of Lt. Riley, of the 21st Infantry, and Dr. Durant, who were along. Cause—oversight on the part of those who gave us the item. We like to have such items as nearly correct as possible.

ZECKENDORF's lottery was drawn as announced and everybody was satisfied—who drew out as much as they put in; and those who drew small elephants and Missouri fowling-pieces (fine-tooth combs) should not complain if one was small and the other useful. A good deal of amusement was had. Jas. Lee drew the first prize; Conrad Aguerre, the 2d; Frank Hodge, 3d; Salvador Candelaria, 4th; C. Aguerre, 5th; Mr. Lazard, 6th; Mr. Cargill, 7th. Mr. Zeckendorf celebrated the marriage of his brother (which took place in New York), with a large display of fireworks (rockets and roman candles) on Wednesday night. We have seen worse on 'the 4th.'

HUNTING.—An abundance of game—as deer, antelope, grizzly and other bear, wild turkeys, ducks, etc., is a distinguishing feature of Arizona's mountains and valleys, and those who wish any more exciting sport, will find a few Apaches—or rather, to be accommodating, they will hunt and find you occasionally. But it is not a bad country where a few men can go out and bring in half-a-dozen deer in four or five days, and a load of wild-fowl. Last week, a party of well-known Tucsoners did that, and we expect several of the same party in to-day with more venison. Some of the bucks dress over two hundred pounds. We mean the four-legged bucks—the others are never dressed to speak of.

MOVEMENT OF TEAMS.—On Monday and Wednesday, eighteen more teams arrived from Guaymas with freight for government on Capt. C. E. Mowry's contract. On Tuesday, ten teams arrived from Sonora with 40,000 pounds of wheat for Borques & Co. The same day, ten teams started for Camp Grant with 40,000 lbs. grain, on contract of Thos. Ewing. Wednesday, a train with 40,000 lbs. stores, started for Camp Bowie; also, one with 20,000 pounds left for Camps Thomas and Grant, yesterday. Sam'l James's ten-mule team with freight for Lord & Williams, and the CRUZER office, crossed the Colorado last Tuesday. Two large mule teams of Mr. Hayden and one of Mr. Bratton, were at Teamster's Camp on Tuesday night. Thursday, two mule teams arrived from San Diego, for Juan Fernandez.

PERSONAL.—Maj. Sprague, Paymaster, U. S. A., accompanied by Capt. Miles, and escorted from Camp McDowell by Lieut. Ross, arrived in Tucson last Saturday evening. The Major was busy dealing out the greenbacks for several days. On Wednesday, he proceeded on his tour through the Territory, escorted as before, and accompanied by Dr. Lord and Thos. Ewing—the latter in their own vehicle. The party go via Camps Crittenden, Bowie, Goodwin and Thomas, thence back to this place. Capt. Miles goes to Infantry Camp to command that post, and will leave to-morrow afternoon with Lieut. Garrett, who came in from Grant during the week. They intend to ride through in the night. By Monday's stage from Yuma, Judge Carter and Dr. Alsop, members elect to the Legislature from Yavapai county arrived and will remain till after the session. Thos. Barnum, of Salt River, came by same stage. Judge Bratton and family were at Gila Bend on Tuesday and evening, and may be expected home in a few days. Mr. A. Lyon, a well-known pioneer, came in from Infantry Camp, or the Pinal country, last Sunday. Reports much snow, and discomfort to the soldiers who have no houses. Surveyor-General John Wasson arrived from San Francisco, by Thursday's stage. He made the return trip in less than nine days. He obtained, and will soon have here by stage, all field notes, maps and plats other than township plats, correspondence, &c., appertaining to the surveys of Arizona, and will soon put a surveyor to work in the field.

### NEW HOUSES BUILT AND BUILDING—

SUGGESTIONS ABOUT TOWN WANTS—A FEW HINTS TO THE NEW OFFICERS.—We sent a man out to hunt up and make a list of the buildings constructed and under way during the six months ending to-day. He collected the names of owners, size of structures, etc., but failed to connect on the location as to streets, so we conclude to omit the names for the present, and suggest that the proper authorities have these streets designated in a plain and substantial manner soon as possible. The new buildings out-and-out in question, number eighty-odd, and those in course of completion about thirty. It is safe to say that but for the late rains, one hundred new houses would have been noted. The dimensions thereof vary from 15x30 to very nearly 75x200 feet, and one-story with but few exceptions. There are a few that don't come under the head of 'dobbie.' Some improvements are worthy of special mention—as those of Scott & Lee's steamgrist mill; Ochoa & Co.'s store, 70x150 ft.; Fish & Co.'s store, 30x66; Juan Elias's, 66x195; Goldtree's, 20x60; Oscar Buckalew erected three fine structures; the Public School building, 18x60, is well under way, and a number of quite large structures of one sort or another, also. Besides the above-mentioned, in and outside improvements of old buildings are numerous and quite a feature. Altogether, we think the showing very satisfactory for a dull, dry season. In view of this practical exhibit of the rapid and continuous growth of Tucson, it behooves the new Board of Supervisors to look to many little necessities and improvements that should be afforded on their part. Elsewhere we print an article on the subject of straightening present streets, providing for the future, etc. The cost and trouble of naming streets, and fastening the same to the corners, would be trifling, and the convenience great. It may be that the many disjointed and other streets all have names, but not one person in fifty knows or remembers them, and no one but a scientific and practical geologist could 'place' the same-like mud-walls and corners, without much practice; an old prospector might after the manner of going through cañons, arroyos, &c. There is a healthy looking chain-gang on the town and county, that (if no one else will do it) should be made to do more street-grading, as most of the north-and-south streets need leveling and the rubbish cleaned away—in short, if the latter were attended to generally, the health of the town would be improved. A town of 4,000 population requires considerable attention, and the inhabitants ought to be made pay for it, if they won't take care of themselves without. But enough of this now.

A SCARE.—While last week's paper was printing, there was rushing to and fro as if the Apaches had suddenly laid siege to the town in force. Some Mexican teamsters near town, and some youngsters on Gen. Allen's ranch across the river, combined to produce the sensation. Lieut. Cushing run his horses around half a day for nothing, as it is very doubtful whether Indians had anything to do with the affair. There were no cattle taken from the ranch, and no mules from the campers, so far as could be ascertained. But these scenes are to be expected in this country, and the wonder is that they do not occur oftener.

TAKE OFFICE.—The officers elect to the different county positions, qualify next Monday. For Sheriff, H. Ott; Recorder, Oscar Buckalew; Dist. Att'y, J. E. McCaffrey; Treasurer, J. H. Archibald; Coroner, M. R. Platt; Pub. Adm., J. S. Thayer; Supervisors, John W. Sweeney, Francisco Ruelas and Sam'l Hughes.

GETTING READY.—The rooms (five in number) to be used by the Legislature, are on the corner of Camp and Convent streets, and are put in shape to the extent of a few hundred dollars, Sec'y Bashford has seen to the business, and that everything necessary has or will be done by the time the session begins—11th January.

AFFIRMED.—Judge Titus, of the District Court, on the 24th, affirmed the decision of Justice Meyers, in the case of the Territory vs. G. H. Oury for taxes. Mr. Oury has made some money out of pocket in this case.

OFF AGAIN.—Lieuts. Cushing and Bourke started on an extensive scout Tuesday last—at least, they intended to follow up the trail of the Indians who attacked Tully, Ochoa & Co.'s train.

THE TURF.—As before announced, the nags 'Blue Dick' and 'Democrat' are to run a race New Year's Day.

THE weather has hardly amounted to an item this week. Cool nights, pleasant days, and latterly the brightest of skies.

### Increased Mail Facilities.

Within a few days, Mr. John G. Capron has been advised by a Washington telegram, that the mail service has been increased from semi-weekly between Los Angeles and San Diego to daily, and from the latter place via Tucson to Mesilla, to tri-weekly, the increase to commence January 1st, 1871. The short time intervening that day renders it impossible to prepare the road with stock, additional stages and stations to make the extra trip by that time, but every effort is being put forth by Mr. Capron to do so very soon. On the 26th he went to Los Angeles to purchase stock and stages; intended to return on the 29th and come right over the route and assist in the details. Lumber is being sent out, and carpenters are building new stations. A thorough going semi-weekly stage line will be put on all the way from San Diego to Tucson and a buck-board will make the third trip. Except between Maricopa and Arizona, the stage line is now semi-weekly, and making splendid time. We made the trip from San Diego here in 4 days and 10 hours, and M. R. Platt made it in a little less than that the other way, and would reach San Francisco from Tucson in 7 days and 20 hours, and remain in San Diego 20 hours. Of course, the mails go with the same celerity.

The above is good news to the people in general, and now it remains to be seen whether the service from here to Mesilla will be put up to a proper state of efficiency voluntarily, by J. F. Bennett & Co., or whether by petition and otherwise, the citizens will force it up.

JUDGE W. J. BERRY, Land Registrar, is at Phenix with the township plats of U. S. Surveys, and we learn the settlers are quite freely filing the preliminary papers for titles to their lands. He is expected at Adamsville and Florence early next week.

RE-APPOINTED.—Gov. Safford has re-appointed J. E. McCaffrey, Esq., to the position of Territorial Attorney General.
